The outcome achieved by the end of the year

The above mentioned programmes were planned and conducted successfully with team work of the working group, students and the management. To enhance the quality of learning in the campus, initiatives were taken in a phased manner during this academic year.

Strategic planning was adopted to improve the quality of the teaching and learning process. The major emphasis is towards developing methods which will enhance self-learning among the students and provide them with new learning experience. The establishment of language lab, computer lab and equipping classrooms with audio-visual aids have helped to improve the quality of the curriculum transaction practice.

This college is located in a rural area. People of this area are much benefited by the regular usage of the facilities available in the campus. Many programmes were organized for the physical education professionals to update their professional competency, such as conduct of workshop, fitness center, play day, blood donation, competitions, referees' examination and the like.

Sports activities are carried out not only for the competition but also for the promotion of health of the individuals. Our college has conducted health relevant programmes such as physical training, yoga and meditation and health awareness run for the public to understand the health concepts and to practice them regularly.

Establishment of the language lab, Audio-Video preview theatre, modernization of laboratories as well as additional sports science laboratory facilities, automation of the library, completion of the Indoor stadium and the progress in the construction of swimming pool are the recent additions. Students have shown remarkable performance in the university and state level sports and games.

This college has established binding with several institutions and organizations. Internal Quality Assurance Cell (IQAC) monitors the functioning of various committees to ensure further improvement.

Part B

1. Activities reflecting the goals and objectives of the institution:

The college was first accredited by NAAC on 21st September, 2005 and was given B⁺⁺ Grade. The vision, mission statements, goals and objectives of the college are well defined. The goals and objectives of the college are made known to the stakeholders through college prospectus, college calendar, newspapers, website etc. The academic programmes and course curriculum developed by the college with the university are compatible with its long-term goals and objectives.

Dr. Sivanthi Aditanar College of Physical Education, Tiruchendur was established to provide higher education opportunities to the people of southern districts of Tamil Nadu. This college is being nurtured and developed by the financial support extended by Aditanar Educational Institution.

The curriculum of the college is formed to match its goal and mission, which is based on sound academic principles and serves learners to build a sound body and mind that contribute to the overall development of the personality.

The mission of the college is to produce disciplined, competent, socially committed and morally upright intellectuals through high quality education and research. This aim is clearly stated and disseminated to prospective students through the prospectus, the website and meetings between parents, students and teachers of the college. Thus, the stakeholders are aware of the quality education they get and the benefits from it.

The mission of the college is indicated by its logo, which means **“Hardwork, Physical Strength and Mental Development”**, and the college has set its goal as spreading knowledge among the rural youth of the area at a low cost. The specific objectives intended to be achieved by the college are as follows:

- a. To impart quality higher education, adapting to the changing global environment, and helping self-support among the socially backward, economically poor and downtrodden sections of the society.
- b. To impart value based education so as to inculcate a sense of social responsibility, patriotism and awareness to become dutiful citizens of our nation.
- c. To promote technical skills and knowledge to meet the ever growing challenges and to impart competency among the youth in various sports activities to teach and train other youngsters in sports.
- d. To find out the talented persons and encourage them to pursue useful research for the development of the society and the nation in large.
- e. Students are encouraged to attend research seminars, conferences and workshops to enhance their professional knowledge.
- f. Academic flexibility and freedom are guaranteed to all learners under CBCS.

The college prepares academic calendar at the beginning of the academic year. The college follows a systematic approach for monitoring the academic calendar by maintaining work adjustment register. The college usually works for 200 days. Use of projectors, lecture method and chalk and board system are supplemented by group discussion, model interview, projects, library work, field visits to other colleges, nearby university and other private organizations. Modern education technologies are used while teaching with the help of OHP, LCD, and computers. Need based tutorial classes are also conducted.

The annual report of the college for the academic year is presented in appendix A.

2. New academic programmes initiated (UG and PG):

This college which began its operations in 1993 with a modest beginning of offering only Master's degree programme, (M.P.Ed) today offers B.P.Ed., and M.Phil degrees in Physical Education also.

3. Innovations in curricular design and transaction:

This college follows the syllabi prescribed by the University. Some new and innovative papers have been introduced along with the Choice Based Credit System (CBCS) in 2006-07. There has been a significant increase in the range of course options under CBCS with a parallel process of innovative teaching methodologies. The curriculum emphasizes on practical experiences, internship and placement wherever is needed.

Sports Tourism, Sports Journalism and Computer Applications were introduced as part of the second year syllabus. Value education and human rights are also included in the new syllabi. The revision and modifications of the syllabi are done at the University level.

Students' feed back, is obtained and processed formally. Combination of learners' evaluation of programmes every year, opinions of the Curriculum Development Cell of the college, findings of college committee meetings, feed back from subject experts, alumni, views of prospective employers are considered while revising the curriculum as well as in planning for the introduction of future programmes.

Curriculum review is conducted every year. Updating and minor changes are effected continuously while major over all curriculum revision is undertaken once in every three years for PG and every four years for UG.

4. Inter-disciplinary programmes started:

All the courses are in semester system and the university conducts examinations. There are as many as 15 theory papers, a thesis and two external practical examinations for M.P.Ed degree course and eight theory papers with two practical examinations for B.P.Ed degree course and four theory papers and a dissertation for M.Phil degree course. In addition to professional subjects, inter disciplinary subjects like Anatomy, Sports Physiology, Biomechanics, Applied Kinesiology, Applied Psychology, Sports Journalism, Sports Tourism, Computer Applications, etc., are being taught .

5. Examination reforms implemented:

College follows the semester system for all programmes with continuous internal assessment. It offers three courses under Choice Based Credit System. The chief method of evaluating the performance of the students is through the annual examination conducted by the University. However, the teachers conduct periodical tests to evaluate the performance of the students on a regular basis. An university type model examination is conducted at the end of the teaching schedule.

Academic calendar is prepared by a committee of senior faculty members and the principal. The calendar incorporates the schedule for the conduct of continuous assessment modules, model examinations, final semester examinations, other important activities and events for the whole year.

At the beginning of the academic year slow learners are identified and are given more academic attention in the form of additional classes and consultations. Advanced learners are given extra reading materials and they are motivated to participate in seminars, competitions and to appear in examinations like UPSC, TNPSC, UGC, NET, SLET, TRB *etc* with required assistance from the Sivanthi Academy.
